- * Applicant Eligibility. Only the following employees are eligible for reimbursement under this program: Tenure-system, bargaining-unit faculty during their first three years in their current positions.
- Expense eligibility. In general, expenses eligible for reimbursement must meet IRS standards for qualifying under guidelines for the Child and Dependent Care Credit. For example, you may not claim your spouse or domestic partner as a care provider to be reimbursed.
- Factors influencing allocations. The funds available are limited, and allocations of funds will consider factors such as financial need, cost and time period of care needed, equity, other resources available, distance from campus, and other relevant considerations.
- Summer Expenses. Childcare expenses incurred during the summer months (June-August) are not eligible for reimbursement unless the faculty member is on a calendar year (12-month) appointment.
