

**Faculty Transition Program**  
for  
**New UMass Bargaining-Unit Faculty & Librarians**

The University has set aside a small pool of funds from which you may off-set of some of the costs associated with assuming your new position at UMass. Eligible non-reimbursed expenses include moving/relocation expenses, out-of pocket healthcare costs, etc. Applicants are required to submit supporting documentation of their expenses in order to receive funds. If all of your relocation and other transition costs were already covered by the University, we ask that you not apply to this program so that others with greater need will receive greater benefit.

If you wish to be considered to receive support:

1. Complete the electronic application below.
2. Email the form along with supporting documentation to [academic.personnel@umass.edu](mailto:academic.personnel@umass.edu)

The deadline for application is 5:00pm Friday, November 4, 2022. Applications and supporting documentation must be submitted prior to this deadline in order to be considered. The support a successful applicant will receive will be determined by the number of applications received. An award from this program will be distributed in your regular pay, no later than December 2022, and will be taxable income.

**Mac Users:**  
To avoid your text entries' becoming invisible, use Adobe Acrobat, not Mac Preview to complete this form..
