

# Massachusetts Society of Professors

The Union of Faculty and Librarians at UMass Amherst

## MSP Retirement Workshop

April 21, 2022

### Panelists:

Marilyn Billings (2021, Library)

Dave Gross (2019, Biochem & Molec Biol)

Bob Hallock (2020, Physics)

# Format of Workshop

- Please do not record or photograph the meeting
- Please stay on mute unless called on to speak
- There will be opportunities for asking questions. Please use the “raise hand” function found in the ‘reactions’ tab at the bottom of your Zoom screen
- Workshop materials have been posted on the MSP website ([umassmsp.org](https://umassmsp.org)).
- If you have questions about your individual situation, please email them directly to: [msp@umass.edu](mailto:msp@umass.edu). All queries to the union are confidential.

# Agenda

## Dave

- Overview of his finances
- UMass software licenses for retirees

## Marilyn

- Pre-planning
- Social Security
- How she made decisions

## Bob

- Post-retirement research and teaching
- Plans vs. reality

What about finances? Will I have to cut  
back?

# Income pre-retirement vs. post-retirement

	<u>2018</u>	<u>2021</u>	
Wages	\$137,126	\$92,352	Longevity \$26,107
		SERS Opt. C	(\$1,560)
Fed tax	(\$8,195)	(\$7,693)	Jun-Jul-Aug
State tax	(\$6,123)	\$0	\$34,282
			Retired first day of non-responsibility
Medicare tax	(\$1,988)	\$0	
Health ins	(\$2,970)	(\$5,790)	Medicare (\$4,078)
Dental ins	\$0	(\$1,305)	UniCare supplement (\$1,712)
Parking	(\$529)	\$0	
MSP dues	(\$939)	\$0	MSP dues (\$10/year, \$50/life)
			MTA & NEA dues (\$65/yr, \$850/life)
State retirement	(\$12,768)	\$0	
403(b)	\$10,400	\$0	
Net	\$93,214	\$77,564	

## Access to UMass licensed software post-retirement

- Contract says that unit members retain access same as faculty
- Software agreements now negotiated as the system level
- Issues have arisen with Adobe Creative Cloud, Office365 and GlobalProtect
- The Retired Faculty Association and MSP are working on this

What steps should I take before I retire?  
How do I deal with health and dental  
insurance?

# Pre-retirement information gathering

- Prepared Budget estimates for ongoing expenses
- Calculated time remaining on large items to align with retirement date
  - Mortgage, car loan
- Attended local area retirement workshops (UMass Five College Credit Union and others)
- Contacted MA State Board of Retirement to obtain estimate of pension
  - Need to supply an estimated date of retirement
  - 3 options from which to choose – need to decide on 1 when retire

# More pre-retirement planning

- Attended Retirement presentation by UMA HR (Kelly Pleasant) a few years ago, then again in 2020, learned about:
  - MA State Employees' Retirement System (MSERS)
  - Post-retirement work earnings, limits, etc.
  - Social Security options including WEP impact
  - Medicare
  - GIC health insurance benefits

# Other choices and considerations

- Worked significant years (23) prior to UMass Amherst (also 23)
- Contacted Social Security Office in Holyoke to discuss options, including WEP (Windfall Elimination Provision) impact, over 2 years ago
  - Opted to file and suspend until age 70 (based on info from workshops too)
  - Opted FOR spousal benefit – suggest doing this if you qualify
- Health Insurance considerations
  - Individual (spouse, family?)
  - Review benefits, co-payments, location of coverage
  - Your retirement locations(s)
  - Dental coverage

# Timeline and Decisions Made

- Medicare – enrolled in Part A at 65; enrolled in Part B when retired
  - NOTE: Plan to pay own premium if not on Social Security
- Scheduled appointment with UMA HR mid-Oct (HR recommends within 120 days prior to) for end of Dec. Retirement
  - NOTE: Lots of forms to fill out, includes Medicare, GIC, pension and more.
- Social Security – discussion in April 2022 (had made phone appointment)
  - They calculated WEP, various enrollment times + and – according to age
  - Can push out 4 months so schedule phone appointment to match
  - Deductions will include Medicare (after 1<sup>st</sup> month), federal taxes (7, 10, 12, or 22 %)
- GIC Health Insurance
  - Chose Unicare State Indemnity Plan / Medicare Extension (OME) with CIC (Comprehensive) since we plan to travel, spend time in Maine
  - NOTE: Plan to pay own premium until start receiving pension (3-4 months after retirement)

# Other thoughts

- Unused vacation – Librarians: balance paid within first month of retiring - Taxes withheld from payment
- Longevity pay – 1.5 day's salary for each full year worked, paid within first month after retiring - Taxes withheld from payment
- Sick leave – donate to MSP Sick Bank (HR knows how to do this)
- Flex spending plans – no longer eligible
- Corestream Car / Home insurance – worked with Farmers (from MetLife) to pay premiums
- Parking – Retirees get 30 free passes to garage; reduced rates for more
- Dental Insurance Coverage
  - Found out that MSP Cobra coverage (up to 18 months after retirement) has much better coverage than the GIC Dental plan – will need to convert to that in July '23.

# Financial considerations

- My pension is 57.5% of my salary, based on age and years of service.
  - Federal taxes (MA not required), health insurance premium will be taken out.
  - Received 1st payment March 31st after retiring Dec 31st, included retro payments for January and February, taxes taken out.
- Pension payments after retirement, prior to receiving pension:
  - GIC for Unicare health insurance premium, effective after retired 1 month = \$92.10 / month
  - Should be taken out of pension in April with adjustment for pre-payments.
- Payments for COBRA Dental plan (18 months)
  - Spouse plan = \$75.29 / month or \$225.87 / quarter
- Medicare payments after retirement, prior to receiving Social Security:
  - Standard Medicare premium for Part A and/or Part B + IRMAA = \$238.10 / month NOTE we legally have to pay IRMAA on Part B and Part D
  - Parts C and D are covered by GIC benefits

What is life like after retirement? Can I keep my office? How does research and teaching after retirement work?

**1970 - 2020. (faculty at UMass)**

**What I did pre-retirement:**

- (1) What we all did**
- (2) Teach each semester**
- (3) Research-papers-grants**
- (4) Supervise students**
- (5) Service – all kinds**
- (6) Administration (now and then)**
- (7) Give talks at conferences**
- (8) Organize conferences**
- (9) Participate fully in many things**
- (10) Talk with staff**
- (11) Kept my door open**

**I Presumed I would do this forever.**

**Why? I loved the opportunities.**

**Early spring 2020.**

**Plans: What to do post-retire:**

- (1) Maintain research\***
- (2) Teach one course / year\***
- (3) Travel**
- (4) Clean home office**
- (5) Work on Photography**
- (6) Finish a Photo Book**
- (7) Organize family photographs**
- (8) Add to this - family history**
- (9) Coffee x 2 in the morning**
- (10) Visit friends**
- (11) Write papers, etc.\***

**Set Priorities for these**

\* via a post-retirement appointment

Early spring 2020.

**Plans:** What to do post-retire:

- (1) Maintain research\*
- (2) Teach one course / year\*
- (3) Travel
- (4) Clean home office
- (5) Work on Photography
- (6) Finish a Photo Book
- (7) Organize family photographs
- (8) Add to this - family history
- (9) Coffee x 2 in the morning
- (10) Visit friends
- (11) Write papers, etc.\*

**Set Priorities for these**

**Did NOT enforce – mistake!**

Starting summer 2020.

**Reality:** What I have done post-retire:

- (1) Maintain research - slowed
- (2) Teach one course / year - yes
- ~~(3) Travel~~ Cooked a LOT more
- (4) Clean home office – yes ! ! !
- ~~(5) Work on Photography~~ Yard Work
- (6) Finish a Photo Book – good progress
- (7) Organize family photographs – some
- (8) Add to this - family history - some
- (9) Coffee x 2 in the morning – yes !
- ~~(10) Visit friends~~
- (11) Write papers – yes, some
- (12) Food Shopping
- (13) Lots and Lots and Lots of Zooms

**2020 +**

**What I miss the most:**

- (1) Interactions with colleagues**
- (2) Interactions with students**
- (3) The immersion**
- (4) Supervise and nurture students**
- (5) Service – all kinds**
- (6) Administration (well, sort of)**
- (7) Giving talks at conferences**
- (8) Organize meetings**
- (9) Participate fully in many things**
- (10) Talk with staff**
- (11) Etc.**

**2020 +**

**What I miss the most:**

- (1) Interactions with colleagues**
- (2) Interactions with students**
- (3) The immersion**
- (4) Supervise and nurture students**
- (5) Service – all kinds**
- (6) Administration (well, sort of)**
- (7) Giving talks at conferences**
- (8) Organize meetings**
- (9) Participate fully in many things**
- (10) Talk with staff**
- (11) Etc.**

**2020 +**

**What I don't miss:**

- (1) Reading graduate applications**
- (2) Attending boring seminars**
- (3) Meetings on Dept. guidelines**
- (4) Certain faculty meetings**
- (5) Tedious requirements**
- (6) Mandatory deadlines**
- (7) An alarm clock**
- (8) Constraints on my time**
- (9) One or two folks**
- (10) Etc.**

**2020 +**

**The notion of “letting go”**

- (1) Everyone is different**
- (2) COVID has forced an absence**
- (3) Some never want to quit (me!)**
- (4) Some can't wait to quit**
- (5) Soft Landing – works for me**
- (6) Letting go surprised me**

**A final bit of advice  
(that I did not invent)**

**Retire **to** something.  
Don't retire **from** something.**

What other things would you like to know?
