

**MASSACHUSETTS SOCIETY OF PROFESSORS, INC.  
BYLAWS**

PREAMBLE

The Massachusetts Society of Professors, Inc. (MSP) is the exclusive bargaining agent for faculty and librarians at the UMass Amherst campus. It is organized to safeguard faculty and librarians' terms and conditions of employment, due process, and academic freedom (to which end MSP endorses the 1940 AAUP statement of principles as a minimum standard); and to engage in any other related activities as are consistent with the law.

We are dedicated to the maintenance of high professional standards and to the promotion of excellence in teaching, research, and service at the University of Massachusetts/Amherst.

We are further committed to a University that actively seeks a diversity of views and groups, to which end we support the principle of affirmative action.

We believe these goals, vulnerable as they are to assault by contrary interests, are best protected and nurtured by legal guarantees in a contract developed through collective bargaining.

We believe that a strong Faculty means a strong University, and that an active and united Faculty can best determine academic policy, professional standards, and administrative competence through fulfilling its responsibilities in University governance.

We believe the continuance of this University as a serious and dedicated undertaking in higher education is now inseparable from the maintenance of a collective bargaining organization for faculty and librarians.
