

MASSACHUSETTS  
SOCIETY OF PROFESSORS

---

The MSP is your union.

As a member-driven organization, MSP is made up of all faculty and librarians at UMass Amherst. Together, we make sure we have the resources we need to succeed in our research, teaching, and service.

Together with our parent organization, the Massachusetts Teachers Association (MTA), we are the most powerful advocate in the state for UMass, our students, and public higher education. We also work with NEA at the national level to protect academic freedom.

In addition to contract bargaining, problem solving, and advocacy, the MSP brings together faculty and librarians for trainings, workshops, regular meetings, and social activities. Join us.

If you have questions or ideas for future activities, please be in touch!
